THE BULLETIN.

PUBLICATION OFFICE, Bulletin Building, Washington Avenue.

Got It.—Baugh, the shoemaker, has the small-pox.

LADIES velvet pink gauds at Stuart & Ghoslen's.

Called.—Mr. Brierly of Hazelwood, called on us yesterday.

SETTLE DOWN.—Bettors on the election, pay and take, and settle down to business!

WEAR 'EM.—The lucky betters on the late election are happy in new hats and boots.

A FACT.—Two or three flakes of snow have fallen here within the past few days, the first of the season.

HE HAS.—Jack Winter has oysters, scallops and sounds, wild turkey and other game, cheaper than cheap, for sale for cash, or on credit.

ON HIS WAY.—John T. Guire, the diver on the submarine steamer Eckert, passed through the city yesterday, on his way to the sunken steamer St. Mary's.

EXERCISED.—Several of the stalwart politicians of this neck of woods are yet much agitated, and require soothing draughts to restrain them from patriotic acts of violence.

IN TOWN.—Mr. Potter, of the Mound City Journal, was in town yesterday consulting his assistant political editor, who still persists in declaring that the Democratic party is not dead.

TO BE RE-OPENED.—Our citizens will learn with pleasure that it is rumored that the Orphan's asylum is to be re-opened. Material for it is becoming abundant, and yet Cairo is not unhealthful.

THANKSGIVING PARTY.—The Qui Vive Caterie propose to give a special party on Thanksgiving evening, 28th inst., at the St. Charles hotel. The party will be a grand one. Tickets \$2.50, including supper.

A NEW FERRY BOAT.—The Cairo ferry company has contracted with Howard Bros., the famous boat-builders of Jeffersonville, Ind., for a new boat, much larger and more powerful than the one now in use.

A BAD JOKE.—We could not, without great labor, express the detestation in which we hold our contemporary who said: "Southern Illinois is the real horn of plenty. There is enough of our staple crop this year to corn-you-copiously."

KENTUCKY LIBRARY ASSOCIATION.—A limited number of Gift Concert tickets for the Kentucky Library Association can be obtained of W. B. Rockwell & Co., on Commercial avenue. The sale will continue until the 25th inst. 11-10-12

CHILDREN'S velvet hats and furs at Stuart & Ghoslen's.

LUTKIN.—We are informed that Mr. J. E. Lutkin, a merchant of Anna, Ill., has purchased a building on the levee, between Seventeenth and Eighteenth streets, with the intention of removing here and engaging in mercantile business.

LEN.—Len Faxon has gone "to the Tobacco Plant" of Paducah. Len never did think much of himself. He is careless of his reputation. But, for all that, by our Democracy, and it is above suspicion, we wish Len luck and fortune. With all his faults we love him still.

BOTH.—Mr. A. H. Cutting, the noted steamboat builder, is in the city, stopping at the St. Charles. Capt. Wm. Hamilton, the noted man of the marine ways of Mound City, was in town yesterday, the guardian of Potter.

A COMPLIMENT.—The St. Louis Times says: "General Nathan Keaney thinks Cairo is improving rapidly, and is destined in no distant future to be a large city. The general expresses himself as highly pleased with the treatment he received on his recent visit to Cairo."

PREPARING.—The week and innocent turkeys hereabouts are becoming recruited to their impending fate. At all seasons people who look at them, they must be a gentle glance and would like to say: "Not my will but thine be done. Eat me, and be thankful."

JOINTLY.—For the fall trade and holiday presents. We have just got in the latest stock of solid silver, plated and gold goods ever brought to this city. Gold, silver and ivory head cases, and many articles attractive and beautiful, call and see and judge for yourselves. We can show you the goods and low prices.

NEW SALOON.—An agent has fitted up the saloon in Riser's building, corner of Commercial Avenue and Eighth street, in splendid style, furnishing the bar with all kinds of fine liquors, wines, ales, beer, etc. Amusement is a well-known bar-keeper, and has a host of friends among the lovers of good liquor, and we are sure he will receive his share of their patronage. The saloon was opened yesterday.

HOME AGAIN.—Mr. Goldtine, of the firm of Goldtine & Rosenwatter, has returned home from New York, where he has been making large purchases of winter dry goods, clothing, etc. Luckily, Mr. Goldtine had completed all his purchases before the Boston fire, and therefore before the late advance in prices. Messrs. Goldtine & Rosenwatter can, consequently, sell at prices exceedingly below those now current in this market. They ask the public to call and inspect their goods and ascertain their prices, being satisfied that no one will go away from the store, leaving behind them the largess this firm are prepared to offer.

THE WEATHER.—The muskrat and the groundhog have both prophesied about the coming winter. They are somewhat conflicting, and both run counter to Old Probabilities at Washington. Harry Walker, who is the main weather-wise man in Cairo, says they are all wrong, and he confidently asserts that he has the best weather-equalizer in the city, bottled up and labelled, "Pure Whiskey."

THE PARLOR ENTERTAINMENT.—Notwithstanding the inclement weather of last evening, a large and very pleasant party assembled at the residence of Mr. S. Walters. The entertainment was a purely social one—not, as published by yesterday's papers, a parlor concert, and was greatly enjoyed by everybody present. One of the last, but not by any means the least, enjoyable features of the occasion, was an elegant supper, served with neatness and dispatch. The successful host and hostess may congratulate themselves on having afforded an evening of unmixed pleasure and gratification to their guests.

REAL ESTATE AGENT.—Mr. Harman will probably go into the real estate business in this city. He is a gentleman of unimpeachable honesty, truthful, down-right and big-hearted. Although he has been an office-holder for many years, and has been an active and prominent figure hereabouts in all the political contests of the last two decades, and although he has been assailed with tongue and pen, and often maliciously abused, he stands to-day acquitted by public opinion of any bad action or bad motive, acknowledged by political friend and foe to be an honest man and a good citizen.

A ROW.—George Hamilton and Howard Cross, two gentlemen of color and Radical politics—gentlemen who effect Munn and were delighted with Oberly's Republican speech, live in the Fourth ward, and like all appreciators of good Radical oratory, have a "dime" who plagues under the name of Nancy Gawberry. The three often get drunk, and when they do they fight. Last Sunday morning they kicked up a "lively old row." They went at each other with knives and Cross came out of the battle with seven dangerous stabs in his body. Hamilton was arrested by Martin and is now in the county jail waiting the result of the wounds inflicted by him on Cross.

OUR SOUTHERN OUTLET.—The importance to Cairo of the railroads now in process of construction connecting Cairo with New Orleans and Mobile, is not appreciated by our citizens. When completed, Cairo will immediately become a great distributing point. Chicago, New Orleans and Mobile are all becoming deeply interested in these important railroad enterprises, from which they expect to reap much profit. A letter to the Chicago "Railway Review" from New Orleans, contains the following:

"Our article on New Orleans was copied here, and pleased the people very much. Our trade to and from the South and West is to be very closely connected, and with great benefit to both sections. Should the West import wholly this way, and via Cairo and Chicago, it would reduce the expenses on their imports nearly one-half, and thus enable them to even undersell New York from Chicago to all points. Our rail connections once made perfect via Chicago, and we can secure a Western and Southern business never before attracted to our Western route to and from the South."

A COMPLIMENTARY NOTICE.—A wide-awake correspondent of the New Orleans Price-Current, writing from Columbus, Kentucky, to his paper, says of Cairo: "Cairo is undoubtedly to become an important city. Both rivers deliver their supplies of food, fuel and raw material. An ever open navigation will deliver the perfected manufactures everywhere. The rail connecting at Cairo will make her a shipping port during the ice of winter and the low water of the upper rivers. Already her citizens are redeeming the city from overflow, and the ridicule of Dickens against this 'Eden of fever and ague and alligator' ceases to be applicable. In the approaching era, when steam monopolized the empire of the waters, Cairo may really become a great station for a shipyard. There is no reason why with the cheap coal and iron of Illinois and Missouri, she should not import the Scotch workmen and compete with the Clyde line."

COUNTY COURT.—J. J. Brown, presiding, J. J. Lynch, county clerk; H. Watson, West state's attorney—second day. People vs. Moses Hill, colored, dismissed with leave to be docked in the circuit court.

In the matter of the estate of G. W. Howson, administrator appeared, judgment entered for the sum of \$25 10 c. of fourth class claims.

In the estate of Henry W. Tobbe, deceased, administrator appeared, setting forth in his report the insolvency of the estate. Report approved and administrator discharged from any further liability.

In the matter of the estate of Joseph B. Taylor, deceased, petition examined and approved. Ordered that Mrs. Julia Taylor be granted letters of administratrix of said estate.

In the matter of the estate of N. M. Randall, deceased, report approved and time given for final settlement.

In the matter of the estate of Charles Kurtz, deceased, report received and approved. Ordered that the administrator do bonis non be discharged from any further liability.

In the matter of the estate of Benjamin T. Boas, ordered that Solomon Hazlewood, Warren Durham and Henry Whitaker be appointed appraisers of said estate, and that to Elizabeth Boas, his widow, be granted letters of administratrix of the estate.

In the matter of the estate of John H. Clark, deceased, report of the administrator was examined and ordered recorded, and said estate being finally settled, it was ordered that the administrator be discharged from all further liabilities.

RIG MOODY COAL.
Steamboats supplied at any time, both day and night, with either lump or chestnut coal, in any quantity, and on usual terms, at the yard at grand Tower, Ills. Special contracts offered on favorable terms upon application.

H. V. OLYPHANT, Gen'l Supt. 3-15-ly.
D. A. BOKER, Sales Agent.

BOATS LEAVING TO-DAY.
The fine steamer Emma C. Elliott will leave at 10 o'clock this morning for St. Louis and all way landings. The regular Anchor line packet will leave for Memphis, Vicksburg and all way points this evening at 6 o'clock. The new steamer John B. Maude is the boat bound for New Orleans. The fine Jim Fisk is the regular packet for Paducah and all way landings leaving at 4 o'clock this day.

CONDITION OF THE RIVER.
The Ohio is steadily rising at this point. The packets from below report 8 feet to Memphis. There is less than 5 feet in the channel to St. Louis, and there is every prospect of less than a foot in a few days.

Special dispatches to THE BULLETIN report the condition of the Mississippi and Ohio rivers at various places.

BUSINESS AND WEATHER.
Business at the landing was fair, and receipts and shipments were large. The weather was still cold.

MISCELLANEOUS.
The Wild Duck and barges laid here 24 hours discharging and reshipping freight.

The Mary Alice went up the Mississippi yesterday to meet the J. N. Kellogg and barges, and will help her out. The Kellogg has two freight and several empty barges.

The Mollie Moore discharged 41 tons at the I. C. R. R. wharfboat. Capt. Frank McCosh, her clerk stopped here and left on the morning train for his home at Centralia. He will meet his boat at St. Louis.

The Quickstep came down from Mound City for fuel, and left for Evansville flying light. During her sojourn at Mound City she has been repaired from stem to stern, and her hull is as good as new. All the bow planks have been taken out and new ones placed in, and she is now in splendid condition for a busy season.

The Miss V. T. Co. are sending to this port from St. Louis all their tow boats and empty barges, as it is expected that the Mississippi river will be closed with ice soon this winter, and they want to get all their boats and barges to this port before it closes.

The Chas. Bodmann put out a small quantity of freight and left for St. Louis with two barges in tow.

The Sam J. Hale, with a barge in tow, was a week coming from Cincinnati. She had a full trip of freight after transferring from the barge, and did not add anything here.

The Armadilla has a quantity of cotton for the Ohio river.

The Glasgow discharged largely and had a fair trip, including 1,000 boxes sugar for St. Louis.

The Sam J. Hale left the Robert Mitchell aground on Grand Chain, but he will probably be found at the wharf this morning.
